

Selected Commercial Outcomes

One-page Evidence & Methodology Note - Moyosore Saibu

This summary separates the public basis for selected career claims from what remains internal, confidential or unaudited. It is designed for recruiter/client due diligence without exposing company or customer data.

Outcome	Context	Public basis	Limit / evidence status
+22% retention	Enugu, 2022-2025	Public professional update attributes a 22% increase in customer retention to data-driven route efficiency / remapping.	Internal baseline definition, raw cohort and workbook are not public. Self-reported professional outcome.
1,095 days	Trade Activation, Enugu	Public professional update states 1,095 days as Trade Activation Manager before the West Ekiti chapter.	Career-duration fact, not a performance KPI.
#1 status	Area / Division / Regional	Public professional update states No. 1 status across Area, Division and Regional levels.	Internal scorecard, ranking window and weighting are not public.
Bold Loud Lounge	Customer development, Enugu	Public professional update states the outlet was developed into a leading / premier Enugu retail entity.	Customer-specific volumes, margins and commercial terms remain confidential.
Top Performer	Guinness Nigeria	Public professional update states Top Performer of the Month recognition and references The Compass newsletter.	Recognition is publicly shared; internal newsletter material is not republished.
6,000+ attendees	Enugu Abacha Festival	Public festival recap states the activation experience reached more than 6,000 attendees.	Public event-scale claim, not presented as an independently audited footfall study.
